CUSTOMERS ACCOUNT DEPARTMENT

THE FERMOB GUARANTEE CHARTER

THE EUROPEAN FURNITURE GUARANTEE

When we design our products, we pay special attention to three key aspects:

- making sure the piece will continue to fulfil its intended purpose for many years to come
- anticipating how it will age as time passes
- designing it so it is suited to our customers' requirements.

As a manufacturer, we have a duty to guarantee that our products are fit for purpose, no matter how our customers use them.

We never stop listening to our customers. That is why we have amended our European Furniture guarantee to reflect pain-taking laboratory testing and customer feedback.

Because we use only the highest-quality materials and finishes, we are now in a position to go one step further and offer two separate guarantees – **a 5-year functional guarantee on all our items of furniture, plus a 2-year ageing guarantee, provided that the product is used as per our recommendations.**

Each of our products comes with a Fermob recommended usage setting (information to be found in technical booklet), so you can better cater to your own customers' requirements and keep the guarantee valid:

- **Domestic** : product designed for private use in non-public spaces such as gardens, winter gardens, patios, terraces and balconies.
- **Professional**: product designed for professional use in supervised public spaces such as restaurants, outdoor pools, beaches and recreational facilities.
- **Intensive professional**: mobile product, not fixed to the ground, designed for professional use in unsupervised public spaces such as motorway service stations, public parks and squares that are accessible around the clock.

5-YEAR FUNCTIONAL GUARANTEE

Fermob guarantees that products will remain fit for the purpose for which they were designed for 5 years.

The guarantee covers all functional aspects of the product such as welding, fasteners, rivets and folding.

If a product is not used as per Fermob's recommendations, the functional guarantee is reduced to 2 years.

2-YEAR AGEING GUARANTEE

The speed at which a product ages depends on how carefully it is treated by customers. Please read the exclusions so you can advise customers how to care for and maintain their products.

The ageing guarantee covers premature and abnormal deterioration in the appearance of the product's materials.

Fermob's 2-year ageing guarantee applies in Europe (excluding Russia) only.

Elsewhere, the guarantee is 2 years for aluminium furniture and 1 year for steel furniture.

The ageing and functional guarantees do not cover:

- Damaged, converted or modified furniture.
- Furniture not used as per Fermob's recommendations.
- Any damage arising from insufficient care, or from failure to comply with the supplied instructions and advice for receiving, assembling, using, maintaining and storing furniture supplied to the customer.
- Rings or stains undeclared when unpacking (including stains related to a combination of humidity retention + heat).
- General wear and tear or natural fading of the materials used.
- Corrosion originating from scratches or abrasions that result from general wear and tear and which cannot be removed via standard cleaning and maintenance processes.
- Minor spots of rust under table tops and seats or on bases. These are a natural outcome of the material used (iron) and can be treated using the maintenance tools made available to customers by Fermob.
- Corrosion of stainless steel parts due to use in a confined, chlorinated environment.
- Corrosion of steel furniture (including stainless steel furniture) as a result of use in a coastal environment.
- Any changes in the visual appearance of wood that are directly linked to ageing. As wood is a living material, the appearance of its surface changes naturally over time.

This guarantee is limited to reimbursement (with application of a reduction) or replacement of the product, and applies only upon presentation of the purchase receipt (cash register slip or purchase invoice).

THE EUROPEAN LIGHTING GUARANTEE

Fermob's lighting products are just like its furniture: designed for outdoor use and made from premium-grade materials and components. They are covered by the relevant statutory European guarantees, and meet European standards and certifications (such as NF EN 62262).

The guarantee specifically excludes:

- Lamps that have been altered, changed or modified.
- Damage related to a lack of proper care or failure to observe the precautions (e.g. do not open the lamp) and advice for use, maintenance and storage provided to the customer.
- Rings or stains not declared when unpacking.
- General wear and tear or natural fading of the materials used.
- Corrosion originating from scratches or abrasion resulting from general wear and tear and which cannot be removed via standard cleaning and maintenance processes.

This guarantee is limited to reimbursement (with application of a reduction) or replacement of the product, and applies only upon presentation of the purchase receipt (cash register slip or purchase invoice).

For intensive product usage, please contact our sales department for advice. The local statutory guarantee applies outside the European Union.

For all outside European Union countries, legal guarantee of the country will be applied.

THE EUROPEAN ACCESSORIES GUARANTEE

Like its furniture, Fermob accessories (cushions, rugs, etc.) are designed to last, based on a careful selection of materials. They are covered by the statutory 2-year guarantee.

Hence:

- Acrylic textiles and PVC are guaranteed for 2 years against UV, wear and tear, mould and tearing.
- Reticulated foam filling is also guaranteed against mould for 2 years.
- Metal accessories are covered by the same guarantee terms and exclusions as items of furniture.
- Deterioration caused by failure to observe storage and maintenance instructions is not covered by the guarantee.

This guarantee is limited to reimbursement (with application of a reduction) or replacement of the product, and applies only upon presentation of the purchase receipt (cash register slip or purchase invoice).

For intensive product usage, please contact our sales department for advice. The local statutory guarantee applies outside the European Union.

For all outside European Union countries, legal guarantee of the country will be applied.

SPECIAL TRANSPORT ARRANGEMENTS FOR ULTRASOFA

The means of transport for Ultrasofa seats differs according to the geographical location of the customers. As a reminder, except for special orders, all items are delivered assembled.

I. France - Belgium - Luxembourg :

- Delivery directly to the home via a specialized 'furniture' carrier (delivery address to be specified when ordering).
- The cost of transport is included in the total retail price of the product and comprises:
 - Unloading
 - Installation
 - Unpacking
 - Packaging recovery
- Making the customer aware of the potential difficulties involved in accessing the installation area (parking - stair access - elevator - narrow passages - door frames, etc.) so that he/she can ensure that the delivery person can deliver the item in good conditions.

Under no circumstances should delivery in a crate be planned for this area.

2. Europe (excluding France - Belgium - Luxembourg):

- The delivery is made on consignment (in a store or depot - Address to be specified when ordering) by the carrier.
- The cost of transport is included in the total retail price of the product.
- Unloading of the products is the responsibility of the store. As the items do not have a box or a crate, they can be unloaded «by hand». However, be careful with the weight and dimensions of the products (see technical booklet).
- The store can then offer its customer delivery with installation via a local service provider. This service is not included in the total retail price and is to be organised by the store.

Under no circumstances should delivery in a crate be planned for this area.

3. Major export area :

- *The products are packed in crates to enable them to be chartered by a standard carrier. In this way they can be loaded into containers bound for the customer's country.*
- *Wooden crates are invoiced in addition to the customer:*
 - *Ottoman: 55 € excl. VAT*
 - *Armchair: 115 € excl. VAT*
 - *2 seater sofa: 135 € excl. VAT*
 - *Sofa: 275 € HT*

Any exceptional order (large quantity for the same customer) will be managed by our Special Contracts department.

OPTIONAL ADDITIONAL ANTI-CORROSION TREATMENT

The optional additional anti-corrosion treatment optimises protection of the steel. It can be performed on certain items of furniture on request and under certain conditions :

- Takes an extra 10 working days
- 18% supplement on the list price
- Minimum supplement charge of €75 excl. VAT

BESPOKE PROJECTS

The Bespoke projects department is tasked with adapting our products and developing tailor-made solutions (furniture, textiles, lighting) to specific customer needs.

Article 1 - APPLICATION

These Terms and Conditions of Sale (the "T&Cs") shall apply, with full effect from 1 August 2020, to all sales of Fermob-branded products, for delivery in Europe Zones A and B as indicated in the price list, to: (1) "Retailers" (with a physical outlet selling products to retail customers and, where applicable, to "contract" customers); (2) "Contract Intermediaries" (retailers specialising in sales to contract customers, and other intermediaries selling to contract customers, such as architects, interior designers and central purchasing agencies), and (3) "Distance Selling Retailers" (specialising in distance selling). For the purpose of these T&Cs, a customer falling into any of these three categories shall be referred to hereafter as the "Customer".

"Contract" customers are professionals using the products for internal purposes, such as hotels, restaurants and local authorities. These T&Cs shall take precedence over any and all other terms and conditions of purchase, irrespective of the provisions thereof or the document in which they appear, even where such document is signed by a Fermob employee. Any customer placing an order with Fermob shall be considered to have accepted these T&Cs in their entirety.

These T&Cs shall form the sole basis for commercial negotiation, pursuant to article L.441-6 of the French Commercial Code. Any departure from these T&Cs shall be subject to a signed agreement between the two parties.

The Customer shall refrain from selling the products, whether directly or indirectly, outside the territory of the European Union. Should Fermob choose not to enforce one or more of the provisions of these T&Cs, on any occasion and for any reason, such decision shall not be interpreted as a waiver of its right to enforce such provision(s) at a later date.

Article 2 - ORDER

2.1. An order shall become definitive only after it has been confirmed explicitly in writing by Fermob. All benefits arising from the order shall be personal to the Customer and may not be assigned to a third party.

Once the order has been confirmed, it may only be modified, or further items added, with Fermob's express, written agreement. Any such modification or addition shall constitute a new order.

The customer shall not be entitled to request cancellation of the order more than 72 business hours after Fermob has confirmed it. The value of any orders cancelled within the cancellation period shall be deducted from the total amount for postage-paid shipping eligibility purposes.

2.2. The value of the first order placed by a Retailer shall be at least €5,000 excl. VAT for Fermob collection orders, or €600 excl. VAT for Les Pièces Rapportées collection orders. The value of the first order placed by a Contract Intermediary (excluding samples) shall be at least €2,000 excl. VAT, and the value of the first order placed by a Distance Selling Retailer shall be at least €10,000 excl. VAT.

Fermob shall not accept any orders with a value that falls below the above-mentioned limits.

2.3. Fermob shall only accept pre-season Fermob collection orders submitted by the Customer before 30 October, for delivery before end-February in the following year. The Customer shall verify pre-season deliveries no later than seven (7) business days after receipt thereof. No claims shall be accepted after this period. No postponement of delivery on pre-season orders shall be accepted.

Article 3 - DELIVERY TIMES – DELAYS – BACK ORDERS

The delivery times mentioned on the order confirmation shall be indicative only. Under no circumstances shall the Customer be entitled to cancel the order, or claim compensatory damages, penalties, etc., in the event of delivery beyond the stated times. However, where delivery has not commenced eight (8) weeks after the provisional date, the Customer may send a formal enforcement notice by registered letter with acknowledgement of receipt. Where such notice remains unheeded for thirty (30) days, the Customer shall be entitled to cancel its order. Cancellation shall not entitle the Customer to any form of compensation other than a refund for the amounts paid to Fermob in connection with the cancelled order.

If several shipments are made, the delivery times shall correspond to the date on which the shipping of an order begins. In the event of partial delivery, Fermob reserves the right to cancel back orders.

If the Customer requests postponement of delivery of a pre-season or second brand order (or re-order), less than two (2) weeks before the delivery date indicated on the order confirmation, storage costs of ten euros excluding VAT (€10 excl. VAT) per pallet per week shall be billed. Similarly, where goods are made available for collection from a warehouse belonging to Fermob or its logistics partner, storage costs of ten euros excl. VAT (€10 excl. VAT) per pallet per week shall be billed in the event that the Customer delays collection of the goods (or fails to adhere to its appointment with the carrier) beyond two (2) business days, provided that the Customer has been notified that the goods are available for collection.

Article 4 - DELIVERY CONDITIONS – RISK TRANSFER – CLAIMS

All sales and deliveries shall be considered to take place ex Thoissey (01) which shall constitute the contractual place of delivery. This shall also apply to postage-paid shipping. For postage-paid shipping, Fermob shall be considered to have arranged transport on the Customer's behalf, and the Customer undertakes to inform Fermob of any changes to the initially agreed delivery address at least two (2) weeks prior to the provisional delivery date mentioned on the order confirmation. Where an incorrect delivery address is given, the Customer is absent, access problems arise, or there are any other problems preventing the carrier from delivering the goods to the Customer, the Customer shall bear all costs arising therefrom.

All goods are exclusively shipped at the recipient's own risk.

TRANSPORT DISPUTES: It is the responsibility of the Customer, sender and recipient to make

known any reservations (damage, missing items) to the carrier, and to exercise any right of recourse in the manner and within the time prescribed by law. A copy of any claim shall be sent to Fermob within 24 hours.

DISPUTES CONCERNING THE QUALITY OF GOODS: Any claims concerning the quality of goods, apart from transport disputes, must be made known to Fermob in writing no later than seven (7) business days after collection or receipt at the delivery address, as applicable. If no claim is made within this period, the goods shall not be exchanged or reimbursed, and shall be considered in conformance with the order regarding quantities and quality. No defective goods may be returned without the prior written permission of Fermob. Returns shall be accepted only if the goods are returned at the Customer's expense, in their original packaging and with the return number allocated by Fermob.

Article 5 –POSTAGE-PAID SHIPPING
